

Tour # 2: **Red Bull Soccer Arena** (1st stop) - This is the home of the New York Red Bulls Professional Soccer Team located in Harrison, New Jersey and in close proximity to Newark, one of the largest cities in the state. Completed in 2010, this stadium has a partially translucent roof common to many European style football (soccer) venues. At this stop, you will receive a “behind the scenes” tour of the facility and will hear about the management program that keeps this natural grass field in excellent playing condition.

Bayonne Golf Club (2nd stop) - Offering views of the Statue of Liberty, Ellis Island and Manhattan, Bayonne is a private Scottish links style golf course built on a former landfill. See an engineering marvel located just four miles (6.4 km) from Manhattan, with spectacular city views from the clubhouse and golf course. As part of the tour, you will take a 30 minute boat ride around the Statue of Liberty on Bayonne Golf Club’s private ferry.
